SUMMARY

Analytical and proactive professional with experience in data analysis, dashboard creation, and LMS management, currently expanding skills in DevOps and automation. Strong background in Python, Power BI, Linux, and cloud-based tools. Eager to contribute to DevOps, Python Development, or Data Engineering roles where data insights and automation drive growth.

TECHNICAL SKILLS

Programming & Scripting: Python, SQL, Shell Scripting

DevOps Tools: Linux, Git, Docker, Terraform, Ansible, Jenkins, CI/CD Pipelines, AWS (Basics)

Data Tools: Power BI, Excel, Google Sheets

Database: MySQL, PostgreSQL

Version Control: Git & GitHub

Other Skills: Data Cleaning, Automation, Reporting, LMS Administration, Dashboard Design

PROFESSIONAL EXPERIENCE

Myra's Academy — Data Analyst

Aug 2024 - Present

- Managing and analyzing student data for tracking and reporting through Power BI dashboards.
- Improved LMS workflows and created data automation pipelines for better student insights.
- Worked closely with the operations team to ensure data consistency, automation, and better tracking.
- Utilized Python and SQL to streamline reporting and automate manual tasks.

Myra's Academy — LMS Intern

Jun 2024 - Jul 2024

- Uploaded and managed large volumes of student data in the Learning Management System (LMS).
- Assisted in structuring data pipelines and improving data upload accuracy.
- Supported dashboard development and LMS maintenance activities.

EDUCATION

Bachelor of Technology (B.Tech) in Electronics & Communication Engineering

Aug 2022

Sphoorthy Engineering college - JNTU Hyderabad

- Gained strong fundamentals in Digital Signal Processing (DSP) and VLSI Design.
- Learned Embedded Systems and Microcontroller Programming for real-world automation.
- Studied Communication Systems and Control Systems, improving analytical and problem-solving abilities.

ADDITIONAL INFORMATION

- Languages:** English, Telugu, Hindi.
- Certifications:** Data Science Certification — Geekster
- Passionate about DevOps, Cloud Automation, and Data-Driven Decision Making.
- Excellent communication and teamwork skills.
- Strong interest in learning advanced CI/CD and cloud orchestration tools.
